

Dear Sir,

My name is Suman, I am from karimnagar district of Telangana and would like to share my views with you on telangana state necessity as given below.

Reasons for creation of telangana state :

- For self respect, self rule.
 - Continuous non fulfillment of agreements & promises given to telangana people at the time of merger of telangana with andhra and after the merger i.e Gentlemen Agreement, Six Point Formula, 610 GO, Mulki rules and more.
 - We including our politicians are always treated as 2nd grade of citizens by seema andhris in our own state. When we are not treated equally why should we stay with them???
 - To preserve our history,culture which is never seen in our books in school or college. They just want to destroy our culture and always insult our language,culture,history.
 - They say that we are telugu speaking people and should be united, they never cared about us from 53 years and continued looting everything from us. Now at the time of telangana movement, they say they want to be united.
 - United Andhra movement is done only to counter telangana movement. Telangana movement is done by people and United Andhra movement is sponsored by seema andhra politicians who have personal & business interests in hyderabad.
 - Common people in seema andhra are favouring seperate telangana which will lead to development of their region in a big way.
 - SC,ST,BC,Minorities in seema andhra are fighting along with us for seperate telangana and andhra.
 - I would like to bring to your notice that hyderabad had own Airports,Railway,Roadways,Bank (SBH),Assembly,High Court,Currency,Modernized Drainage system,Police force,Military before merging with andhra. It was 5th biggest city before 1947. Dr. B R Ambedkar wanted to make it as second capital of India.
 - Andhris did not develop anything in hyderabad and instead they looted thousand of lands from our city. The argument for making hyderabad as Territory or Joint Capital is baseless and not acceptable to us.
 - 9 districts out of telangana except hyderabad are identified by central govt as backward regions. Our place is not backward from beginning, it was made backward after merger with Andhra.
- <http://panchayat.gov.in/brgf/Report.do?method=BRGFdistrict>

- Development will happen in telangana only becoming seperate state which will give us good education opportunities,jobs,our rightful share in our resouces and more.

- 400 students died in 1969 movement and more than 350 people committed suicide until now in india, 1 person died in dubai in the ongoing movement who want to see our motherland get rid from this monarchy rule and get independence from this seema andhra rulers who are treating us like slaves. Slaves may seem to be bit bad but we are feeling like this in this united state.

- End our sufferings,sorrows,suicides.

- Stop exploitation of our jobs,water,resources,coal,electricity,lands,capital (hyd).

- End sufferings our people in nalgonda who are living in hell due to florosis in the water and UNICEF organisation has given report that people are getting florosis here because of less groundwater as krishna water is taken away to seema andhra.

<http://www2.fluoridealert.org/Alert/India/Indian-villagers-crippled-by-fluoride>

- Stop migration of people (in lakhs) to gulf in search of livelihood from telangana (Even though we have enough water but we cannot do agriculture as 95% of our share in water is diverted to andhra).

- Suicides of people in the gulf due to cheating,non-payment of salaries,no proper accomodation would end only by stoping migration which will happen only by creation of telangana.

- Nearly 300 people committed suicides in dubai alone due to these problems as they are uneducated and come here as labourers who are land lords in telangana.

- Partiality even in payment of ex gratia by AP Govt for people died in the gulf.

Telanganites died in one fire accident in dubai are paid 1 lakh and one person from seema andhra who died in kuwait was paid 5 lakhs.

- Partiality is every where when it comes to telanganites by seema andhra people.

- Every Telanganite all over the world want telangana state in reality.

As it is clearly mentioned in the first SRC/Fazal Ali Commission, Please help in the formation of Telangana state as soon as possible.

Point Number 388 in the report: "Andhra and Telangana have common interests and we hope these interests will tend to bring the people closer to each other. If, however, our hopes for the development of the environment and conditions congenial to the unification of the two areas do not materialise and if public sentiment in Telangana crystallises itself against the unification of the two states, Telangana will have to continue as a separate unit".

Telangana proved that there is an Public sentiment for reinstate of the Telangana state in biggest democratic way.

1. Elected 10 out of total 11 Member of parliaments in Telangana region in 1970's (TPS party won 10 MP seats)
2. In 2004 Congress assured for T-state gone to elections with TRS allaince,People proved the sentiment of Telangana by electing Congress & TRS MLA's.
3. In 2009 almost all parties agreed for Telangana state to the people of Telangana.

Since the people proved the sentiment several times so Its now the responsibility of government of India to fulfull the wishes of Telangana people without any further delay.

Please help in the formation of Telangana state as per the assurance provided in the SRC [Fazal Ali Commission] & Shri. Pandit Jawaharlal Nehru.

Jai Hind
Jai Telangana

Sincerely,
Ravikanti Suman
