Statements by Nehru in Nizamabad during the Andhra Telangana Merger

एक मासूम लड़की को एक नत्कत लड़का से शादी किया गया, चलेतो चले, अगर नहीं चलेतो कबर्बि तलाक."

The English conversion of the above statement is "The Andhra and Telangana merger is like marrying an innocent bride to a naughty husband. If it goes well let it could be as is, but if it doesn't they can get divorced at any moment". This clearly shows that the merger was made knowing that the region would get discriminated and can be separated at any moment.

Collection from Andhra Pathrika

This is for people who say that Telangana was merged with Andhra to develop Telangana and no other motives.

"Andhra rashtram lo rajadani karyalayalu pettukune stalam ledu"

-Kadapa Komati Reddy on March 13th 1953

" Hyderabad vaste mana kashtalu anni teerutayi..adi ela vastundi ? manam ekkadi nundi prayatninchalo alochinchukovali "

-Tanguturi Prakasham Pantulu Gaaru in June 1953

" Gata rendellu ga chala avasthalu paddamu..Kurnool lo karyalayalaku vasatulu levu. Faizal ali commision sipharzu prakaram inko 5 ellu aagite andhra ku enno kashtalu thappavu "

-Neelam Sanjeeva Reddy on Feb 3rd 1953

If you see the above statements from the leaders of the then Andhra state, it clearly shows the motive behind the Andhra state being merged with Telangana. Was it were Telanganodharana or Andhrodharana.

Income and Expenditures on different regions in AP

This is for people who say that Telangana is getting equal or more share than other regions of AP.Source: <http://www.etelangana.org>

Income (Including Hyd)

Rayalaseema 3,588 crores

Andhra 13,682 crores

Telangana 54,751 crores

Expenditure (Including Hyd)

Rayalaseema 10,126 crores

Andhra 15,668 crores

Telangana 27,059 crores

2nd class mathematics students can also see the difference between the income and expenditure being spent on different regions. Is this not against the rules and agreements made while the regions were merged to become a state. Let me show the people who do not understand the mathematics that who has deficit income and who has surplus.

Rayalaseema: -6538 (Deficit)

Andhra: -1986 (Surplus)

Telangana: +27692 (Deficit)

Telangana clearly has a surplus of 27692 Crores. So, it can exist itself as a state.

Statistics of newly formed small states in India

This is for people who say that Telangana might not get developed as a small state. The below table clearly shows that the growth rate of the newly formed states is better than the parent states.

State	Targeted Growth Rate (per cent per annum)	Achieved
Chhattisgarh	6.1	9.2
Madhya Pradesh	7.0	4.3
Jharkhand	6.9	11.1
Bihar	6.2	4.7
Uttaranchal	6.8	8.8
Uttar Pradesh	7.6	4.6
